Members of Federal Department of Agriculture—Mr. Denegre Speaks on Value of Agricultural Clubs in Schools—Man Fined for Evading Board Bill—Personals and Notes.

Mr. Denegre of the federal department of agriculture addressed the members of the Plainfield high school in the high school building yesterday morning. He spoke on agricultural work and agricultural clubs formed in the schools throughout the country. The department of agriculture favors the forming of these clubs for it greatly benefits the school children in the work. Throughout the United States these clubs of school children follow the principle proposed by the government. They have three main purposes: First—To get together and discuss their work that is agriculture. Second—To have a business side. Third—To have a social side. He said that the government believes that by having a social side to the clubs the children will become more interested. He said that the boys and girls in Connecticut have a fine opportunity for this work, better in fact than most other states. This is because the United States government is awarding to the winners of the contest. Mr. Denegre explained the Four H brand. First, H for head. The pupils of the schools can here begin in their schooling. Second, H for hands. They must use their hands in this agricultural work. Third, H for heart. The boys and girls should put their heart and soul in the work. Fourth, H for health. This outdoor work is exhilarating and healthy.

The address was well appreciated by the members of the high school. Attendance cards were distributed to children in the grammar schools who wished to join the clubs and the children have the largest selection of clubs in the state. He said that the United States department of agriculture these boys and girls have state institutions to help them in their work. Circulars and bulletins are to be sent to the members of the clubs from both the federal and state departments free of charge.

Following Mr. Denegre, John Chapman, principal of the high school, spoke briefly about the value of this work and urged the boys and girls to take an interest in this line of work.

William Huntley Gets Jail Sentence. William Huntley of this place was arrested by Officer Biven yesterday. He was arraigned before Judge Benjamin B. Briggs in Central Village yesterday afternoon. He pleaded guilty to evading a board bill which was due to Walter Dine and was fined \$5 and costs and 30 days in jail by Justice Briggs. He was unable to pay the costs and was committed to the jail where it will be hard for him to evade his board bill.

Appointed Resident Agent. Frederick I. Racine has been made resident agent for the International Automobile League. It was reported some time ago that this league was in difficult circumstances and that the money put into it by the number of local automobile owners was as good as lost. Since that time, however, a number of automobile owners here have obtained supplies from that organization which proved the report circulated here of their standing to be false. The organization has nothing to do with garages but deals with individual owners themselves.

Senior Class to Give Entertainment. The senior class at the Plainfield high school is planning to give a entertainment in the town hall, a portion of Longfellow's Hiawatha in pantomime. There will also be vocal and instrumental selection.

Attended Dance in Central Village. A large number of young people from here attended the May social and dance in Central Village under the auspices of the central fire department, in Town hall, last evening. John A. Leahy prompted.

Personals and Notes.

Three new transmitters have arrived for the local power plant. The new transmitters are larger than the ones now in use.

Mrs. Joseph Dragon and daughter, Olive, spent the weekend with Mrs. Dragon's mother, Mrs. Pierre Allan.

Stanley Sullivan left for New Haven today to spend the holiday with his brother, Francis, at Yale university.

Mrs. Margaret Burdick has gone to New London to visit with her mother, Mrs. Burdick, at a private home.

At last a proposition has been concluded by which it will be determined who's who between Elmer Wood and Bartello. Bartello has made a fair proposition, which is: Bitgood and he to come together in a contest with two men, which will be a one hand lift and a two hand lift. To go to the limit, the one lifting the greatest weight, the other lifting the least. Bartello says that Bitgood may use his weights and he (Bartello) may use his own and should an argument arise so call a person from the audience to decide.

This proposition should be favorable for both parties, as a winner should at last be decided.

Mrs. Patrick Burke and children are visiting relatives in Fall River, Mass.

Do You Digest Your Meals With Pills?

Make Your Stomach Stronger Than Medicine and End Indigestion, Sourness, Gas and Pain.

No healthy stomach needs digestive pills to do its work. If the food you eat disagrees it is bad policy to continually force the digestion of the fermenting food with artificial stimulants. Make your stomach strong and healthy so it can do its own work. A bad stomach needs a good medicine like Mi-on-a Stomach Tablets, which Lee & Osgood, leading druggists everywhere sell on a positive guarantee of satisfaction or money back. Mi-on-a helps the digestion but it also helps the stomach by loosening up the hardened bile and mucus from the stomach walls, permitting a normal flow of the natural digestive juices and strengthening the entire digestive system. Digestive pills often become a bad habit. Mi-on-a ends the pill habit and indigestion. Many reports from satisfied users prove its value for this purpose.

Don't scold the fretful, nervous child. Often it's due to worms. Get rid of them by giving to your child one Lozeng Kickapoo Worm Killer, a laxative worm candy. Give only plain nourishing food, lots of out-door exercise and put to bed early. Watch stools and continue giving Kickapoo Worm Lozenges, they will positively remove the worms. 25c. At Druggists.
